

## Veterans' Club Scholarship

I would like to thank all the districts that donated to the our scholarship fund. Your continued support is greatly appreciated. For current members we will be accepting applications for scholarship recipients until the state conference.

On the Veteran front, the Pact Act was passed last year. The VA is now doing toxic exposure evaluations. You only need to meet certain service requirements to qualify for certain presumptive conditions. Please visit your local VSO office or VA.gov for more information.
